# ABOUT US

Dönmez Clutch established in Izmir in 1980 to produce 100% native clutches to the heavy commercial vehicles. Dönmez is the largest clutch manufacturing company in Turkey, which has become a global brand. Dönmez Clutch has become a sought after player in the national and global markets, with its competent employees in its field, its passion for technology and innovation that enables it to be the pioneer of innovations, and its quality approved by the best in the world. Dönmez Clutch has 15 domestic dealers and a Hammer Clutch UK sales point in England. It exports its products to all over the world under the brands Dönmez and Hammer Kupplungen. In order to keep customer satisfaction at the highest level, Dönmez Clutch shows the necessary sensitivity to its strong dealer network and closely monitors customer needs and market changes by making regular field visits with its after-sales technical service team. Dönmez Clutch, which always stands by its customers with its after-sales support team, which has high level technical knowledge and equipment about clutches, continues its efforts to produce the fastest solution to every problem experienced.

Knowing that happy employees bring success and success brings happiness, Dönmez Clutch places its employees at the top of the company values and makes the biggest investment for them to work in a happy and peaceful environment. Dönmez Clutch, which carries out R&D studies with its experienced engineers and technical team, designs and manufactures the molds necessary for production itself. It carries out all of the press, heat treatment, machining and assembly processes in the production center equipped with the latest technology. In addition, with the modern warehouse investment completed in 2014, it aims to respond to the demands of its customers more quickly. Dönmez Clutch, with its new environment and technology-oriented factory that started production in September 2020, produces 24 hours a day with over 200 machines and over 300 employees. Dönmez Clutch, which makes functional, special and integrated production with its unique designs and experience in the R&D center in the world where innovative ideas and competitive environment exist, continues to achieve new successes day by day.
